(PAF 3401) Doctor Rubia was one of the remarkable teachers in her ability to provide online courses. She knows how to handle students' questions and work with them passionately. For me, her course was the best course I have ever taken online.

(PAF 3401) I appreciate that the professor realized that computer access at points may be limited. Personally, at points in the semester, I struggled with accessing Stata due to computer limitations. Professor made sure that I wouldn't miss out on content in those cases and could still learn topics regardless of access. Much appreciated.

(PAF 3401) The instructor was very organized and kind. I am very grateful for her patience as well since the course was quite challenging.

(PAF 3401) This course was very challenging and time-consuming. I appreciate the professor's enthusiasm for the subject and availability however I felt as though it was very difficult to feel enthusiastic about attempting to grasp the material because of the length and amount of work that was assigned and how taxing it was on me mentally.

(PAF 3401) I can barely hear the recordings even with max volume, it was difficult hearing the professor

(PAF 3401) The module exercise are too long. Also, the data project is very difficult to do by students themselves.

(PAF 3401) There was way too many homework assignments and projects that required a lot of time and understanding for an online class.
