Additional comments:

1. great teacher. very knowledgable about brasil being that she is from there. very cool class. it was good luck that brasil was the country being covered this semester bc im brasil crazy good mix of readings, videos and other material. liked that we as students were encouraged to participate the majority of the time.
2. This professor presented detailed and very insightful subject material. She made it fun to learn about this fascinating culture, and her lectures often prompted dynamic and thoughtful discussions in class. The volume of reading was at times challenging, but I think the material really enabled students to see Brazil from the Brazilian point of view.
3. Overall this class was really interesting. I enjoyed going to class every day and learning about Brazil but the class is time consuming, the assignments and class readings were a lot of work. Almost impossible for a full time student who has a job to complete the readings or assignments. Other then that this class was great.
4. I loved this class The professor was extremely easy to work with and if there was any concerns about the work she was easy to get a hold of. I wish she was teaching classes in the fall.
5. taking this course help me to understand other culture, apart from mine. it was too many text books to read and also other paper documenst. over all the class was very interesting. you learn something you dont know, that the power of school.
