Comments to improve course

The course was really well taught. I am not a fan of stats, but professor Valente did a fantastic job teaching the material and making it fun with her personal touch. Don't trip!

Lovely class Well prepared Class covered more than just the topics But also the real world application Very well rounded course You are sweet and caring Thank you for quite a few laughs

Your way of teaching is the best way to learn honestly. Thanks for a great class

Very thankful , I was about to dro p the class but professor Valente sat down with me and explained everything to me again. I'll never forget her she even helped me with my portuguese homework.

She is a great teacher, even though the subject it self can be challenging. She explains it clearly enough for you to understand

loved her class, they explained everything very clearly. I liked that we worked on work problems in class. There wasn't anything I didn't enjoy about the class.

Professor Valente was very helpful in all the aspects of the course. I am very glad that I had chosen this course.

I thank you for your patience in me. I know that I was a very special case in your class. You thought the course well. Thank you...

Really appreciated how organized the class was, especially due to the fact stats can get really confusing! Great professor, truly a gem who cares about the intellectual well-being of students which shows throughout the semester.

I know I did poorly in your class. But you are such a great professor that I would not mind taking you again time after time. Thank you for your time, patience and lesson.

Thanks for a great semester Professor, all the best!
